# WHO WE ARE

We've used our foundry's heritage to select architectural pieces we value as collectible that can be passed down from previous generations. Casting for over a Half-Century, all of our metal products are meant to be passed down as an heirloom. Occasionally, we provide select pieces on The Metal Casting Store that relate to things of historic or cultural value and are worthy of preservation. We invite you to browse our website often because select pieces, casts in limited editions are archived throughout the calendar year.
